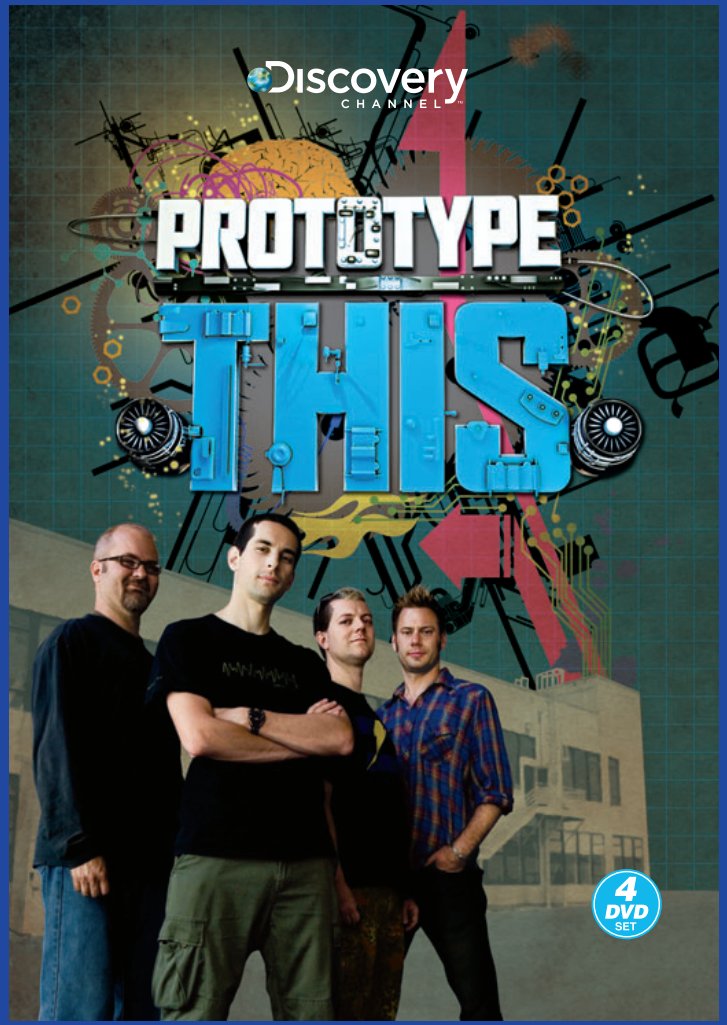
A Life Televised



FIVE GUYS CREATING THE CRAZIEST ONE-OF-A-KIND PROTOTYPES OF TOMORROW.

In a warehouse on an island in San Francisco Bay, a team of engineers and PhD's are inventing the future one prototype at a time. From finding solutions to today's problems, to conceiving cool machines that are just fun to have around, the Prototype This crew imagines and then invents the future by using emerging technologies to build the craziest, one-of-a-kind prototypes of tomorrow.
